SINCE 1839

2022 Notebooks & Folders

This Company has more than **180 years of experience** manufacturing stationery products.

For five generations, we have considered innovation and quality inalienable values and will continue to do so in the future.

We were pioneers in introducing products that changed how time and tasks are organised, such as the integral system ring-bound diaries or our classic Notebooks with perforated sheets and coloured margins.

For this new season, we are presenting **our wide range of stationery products:** Notebooks, folders, pads, refills, cards and the classic Miquelrius books, designed for all ages and needs.

NOTEBOOK

THE ORIGINAL

More than 1.000.000 notebooks in the hands of our customers

Our customers continue to place their trust in our notebooks to accompany them in their daily activities. More specifically, over 1.000.000 Notebooks are purchased by them every year. A notebook we created in 1989 and which was the first in the market with coloured strips on the side of the sheets and micro-perforations so they can be detached cleanly and separated to classify by subjects or projects.

Moreover, we were also pioneers in bringing colour, illustration and design to the world of stationery.

100% national manufacturing

All our Notebooks are manufactured in our installations in Parets del Vallés, guaranteeing their quality and safety. We also comply with the environmental, social and economic standards that ensure the protection and sustainability of forests.

HIGH-QUALITY PAPER

All our notebooks are made of **extra opaque paper**.

To avoid the ink passing through the page and thus facilitate writing on both sides. This paper offers an excellent **satin finish** to favour pencil or ballpen writing.

Additionally, as this finish is applied to the paper pulp, **drying is faster**, and the reflection of light is reduced, allowing **precise writing without smearing**.

The premium quality of all our types of paper guarantees **soft and pleasant texture** while at the same time offering excellent **resistance to the pressure** of the pencil, as well as when erasing.

Our paper, made from **sustainable fibres**, has FSC MIX CREDIT certification, guaranteeing that it comes from environmentally sustainable forests.

HIGHLY DURABLE COVERS

We have a large variety of **very tough and durable** covers for our customers to choose from according to their needs.

COMPACT CARDBOARD

Tough and rigid

An extra rigid cardboard cover, covered with a laminated finish (matte or glossy).

Thanks to its lamination, this combination gives the notebook consistency, enabling you to write without needing support and with excellent durability.

POLYPROPYLENE

Flexible and long-lasting

Cover made of a 0.8 mm thick sheet of polypropylene. In addition to its toughness, this plastic cover provides the notebook with flexibility, lightness and water resistance.

RECYCLED CARDBOARD

Quality and commitment

Cover made of 100% recycled cardboard (recovered after being consumed).

Made of recycled and recyclable materials to reduce the environmental impact of the notebook.

MAXIMIZING OPTIONS

Miquelrius aims to satisfy all customers needs according to their age, preferences and trends. With our range of notebooks, we offer you the opportunity to reflect their personality in their office, school or business.

The **THE ORIGINAL NOTEBOOK**, with its wide variety of finishes, covers, lining and colours that adapt to each need, improving the performance of any activity.

EMOTIONS NOTEBOOK stimulate creativity with their wide range of colours, without giving up practicality and reflecting all personalities.

The **DESIGN NOTEBOOK** range is committed to design. Notebooks made with attention given down to the smallest detail, with exclusive designs, elegant, sober and amusing finishes.

Over 600 references in a wide range of designs, covers, materials, finishes and grammages, number of pages, lining, etc.

SIZES AND LININGS

Different sizes are available for you to choose the most appropriate. We also supply notebooks with different rulings and numbers of pages, **from 80 to 200**.

Ruling:

squared

horizontal

dotted

plain

Sizes:

A4 (210 x 297 mm) micro-perforated, 4 holes
A5 (148 x 210 mm) micro-perforated, 2 holes
A6 (105 x 148 mm) micro-perforated, without holes
A7 (74 x 105 mm) micro-perforated, without holes

Sheets:

80, 100, 120,
140, 160 y 200
sheets

Over 25 colours are available:

CLEANLY DETACHED PAGES

Our extensive experience manufacturing notebooks and our constant commitment to quality has enabled us to achieve **excellence in micro-perforation**.

Our fine and uniform micro-perforation guarantees **clean and easy removal of the sheets**, so that when detached from the notebook, the breakage points of the micro-perforation on the side of the page are almost invisible.

This is possible thanks to the excellent manufacturing process in which **exact pressure is applied to the die-cutter** to provide easily removable sheets.

SPIRAL WITH THE COIL-LOCK SYSTEM

An aluminium spiral Ø 1.2 mm thick, tough and elastic. Made and dispensed continuously to the notebook with the **coil-lock system closure**.

A system that enables the notebook to be opened flat, but above all, **avoids snagging** with other notebooks, the backpack or clothes.

Moreover, the coil-lock closure system enables the sheets to be **opened 360°** and one cover to be put behind the other, **increasing the rigidity** of the notebook and allowing you to write without needing any more support.

PRINTING QUALITY

The high-quality **offset printing** of our lining guarantees **subtle and clean lines**, which helps to highlight the writing, and facilitate reading.

We have an **extensive range of lining** (squares, lines, dots or plain) for the customer to choose the most suitable according to their needs. Additionally, our notebooks are the only ones with **lines in the same colour as the side strips**.

Our **pages are specially designed** to take and organise notes: all have a heading for the title, subject and date, and double margins for bullet points or numbers.

#PLANET FIRST

This company is committed to sustainability and the environment. Our products are respectful with the planet, always maintaining the highest quality and the best design.

We comply with standards that guarantee efficient manufacturing with the least impact possible on the environment and society, protecting the sustainability of forests.

To live up to this commitment, we have the largest range of recycled and recyclable notebooks in the market, to satisfy the needs of an ever-more eco-aware world.

Additionally, our notebooks invite users to achieve this aim by recycling them correctly.

How to recycle a Notebook

The spiral is separated from the paper and the covers, and it is disposed of in the grey container.

The paper and the covers are recycled in the paper container.

THE ORIGINAL **NOTEBOOK**

These notebooks were the first we designed and are still a part of our extensive current range.

Their variety of finishes, covers, linings and colours adapt to the needs of each of the activities developed on the pages.

All our Notebooks are manufactured in our installations in Parets del Vallés with premium-quality extra opaque paper.

We also comply with environmental, social and economic standards that ensure the protection and sustainability of the forests.

Metallic floorstands for the whole range.
Lacquered steel structure and metallic shelves
tailored to Notebook sizes. 9 metallic shelves.
Size: 1972 x 536 x 347 mm.

NOTEBOOK DESIGN

In 1996, we were pioneers in applying colour, illustration and design to the world of stationery.

Since then we have progressed from a range of traditional notebooks to the widest variety of printed designs on the market.

Every year more than 100.000 people enjoy this range of notebooks where the details are the distinguishing feature.

All our Notebooks are manufactured in our installations in Parets del Vallés with premium-quality extra opaque paper.

We also comply with environmental, social and economic standards that ensure the protection and sustainability of the forests.

4X4NOTEBOOK

The 4x4 mm grid with margin is the most versatile as it is a suitable option for writing, arithmetic or graphics. Ideal for a variety of tasks in which neatness and visual organisation play an important role.

SIZE

215 x 309 mm

**80
Sheets**

4 x 4 mm

In all our Notebooks, manufactured in our facilities in Parets del Vallés, we use premium quality extra opaque paper.

We comply with the standards that guarantee the environmentally friendly, socially beneficial and economically viable management of the world's forests.
