# VERBATIM HARD DRIVES CERTIFICATE

## Our Passion for Quality and Reliability.

Verbatim means “word for word”, and has been used since the company’s founding to illustrate the principle of accurate, error free recording of data.

This reputation for quality and reliability has been built up over our 50 years of existence, and is something we vehemently pride ourselves on.

To ensure that we can maintain these highest of standards, we adhere to a rigid quality control of products and processes.

## Our Guarantee.

- Our Verbatim Hard Drives only use brand new components and materials. This also counts for our Private Label projects.
- All components are carefully selected, manufactured, inspected, and individually tested prior to shipment.
- Verbatim branded Hard Drives are not refurbished and never include previously used drives.
- We employ a rigorous quality testing process of finished products, allowing us to monitor the technical status of each individual Hard Drive during the entire production, ensuring that everything leaving the factory is of the highest quality standard.

It’s our focus on quality then ensures we deliver first-class products you can rely on every time. You know what you are getting when you buy Verbatim - Technology you can trust.
